### **14. Conflict of Interest**

- It is important for anyone involved in spending public money to demonstrate that they do not benefit personally from the decisions they make. To avoid any misunderstanding that might arise all Directors, Governors and staff with significant financial or spending powers are required to declare any financial interests they have in companies or individuals from whom the Trust may purchase goods or services. The register is open to public inspection.
- Any member of staff in receipt of gifts or hospitality over a value of £25.00 must declare this to the Finance Office for inclusion on the Gifts and Hospitality Register.

### **15. SGET Policy on Declaring Business Interests**

- It is important that the Trust, Governors and staff not only act impartially, but are also seen to act impartially. The Trust, LGBs, Committees and Academy staff have a responsibility to avoid any conflict between their business and personal interests and affairs and those of the trust and schools. There is a legal duty on all Trustees to declare an interest likely to lead to questions of bias when considering any item of business at a meeting and for the governor concerned to withdraw, if necessary, whilst the matter is considered.
- To help put this duty into practice, the Trust and Governing Body is required to establish and maintain a register indicating individuals' business/pecuniary interests. This should include, if appropriate, the company by whom they are employed, directorships, significant shareholdings or other appointments of influence within a business or other organisation which may have dealings with the Academy (see appendix III).

- 
- The register includes an entry for all of the Trust, Governors, Associate Members, the Executive Head, Headteachers, Trust Business Manager and the Clerk to the Governing Body.
- Individuals should include their own interest and those of any member of their immediate family (including partners) or other individuals known to them who may exert influence.
- The register sheet must be signed and dated by the individual and countersigned by the Chair of the Trust/Executive Head/Chair of the LGB to indicate that the declarations have been noted.
- The forms must be renewed annually.

#### **16. Opportunity to declare interests at meetings**

- There is a standing agenda item at every meeting (including committee meetings) called “Declaration of Pecuniary Interest, financial interest, loyalty” to allow the Trust and Governors the opportunity to declare ANY interests relating to items on the agenda.

#### **17. Income**

- All Academies within the SGET are funded on the same basis as maintained schools and receive annual funding allocations from the Education Funding Authority (ESFA);
- All schools and academies receive most of their funding based on the total number of students. Student numbers are derived annually from the October school census, as stipulated in the funding agreement;
- Academies are funded through the ESFA. They receive the same amount of money as the Local Authority (LA) schools in the area. This is calculated using a LA formula. The LA agrees the funding formula factors and rates in consultation with the schools Forum. These factors are combined with others based on the institution, such as a lump sum for premises costs. This is the main budget and is received as the general annual grant (GAG);
- The ESFA provides funding for Academies from September to August, in line with the academic year;
- Academies receive extra funding, to cover the cost of services previously provided by the LA. This is allocated through the education services grant (ESG);
- Capital and pupil premium allocations are paid outside the GAG but directly from the ESFA.

- 
- The pupil premium is additional funding given to publicly funded schools and academies in England to raise the attainment of disadvantaged students and close the gap between them and their peers;
- As part of the reconciliation procedures, the Finance Team will ensure that the monthly budget allocations to the Bank Account are made on time by the ESFA, and all other relevant agencies.
- The Trust Business Manager is responsible for ensuring that all other allocations of money due to the Trust are made on time by the ESFA and all other relevant agencies.

The Academies also receive additional income from;

**18. Students;** mainly to cover the cost of school meals and educational visits etc.

- Educational opportunities provided at SGET Academies during school hours are available to students regardless of ability to pay and that other activities are charged for in a fair and transparent way.

**19. The Parent Teacher Association;** raises extra funds for the Academy and is used to purchase special items.

**20. Lettings;** the Academies will make their facilities available to outside users at a charge of at least the cost of providing the facilities. Letting and hire of the Academies is conducted in line with the SGET Letting Policy which includes a scale of charges.

## **21. Cash and Cheque Management**

The trust aims to be cashless and Cash and cheque collection should be kept to a minimum, the following procedures apply when it is unavoidable:

- All income received should be recorded immediately and a receipt issued.
- When a receipt is issued a copy will be given to the payer and the duplicate copy kept at the Academy.
- All monies received must be banked intact as soon as is practicable
- All cheques banked must be entered on the bank paying-in slip and recorded in PS Financials;
- For normal day-to-day transactions, the Finance Team will be responsible for receiving income and banking of income.
- The Trust Business Manager shall periodically check that all the monies due to the schools have been collected and banked.
- Personal cheques will not be cashed from money received and due to the Trust.

## 22. Financial Planning and Review

- The Trust is required to submit a consolidated budget plan to the ESFA by the 31<sup>st</sup> July (amended for 2020 only to 30<sup>th</sup> September) In order to achieve this deadline, budget setting will be undertaken in each individual academy to allow sufficient time for the consolidated plan to be approved by Directors in early July. Each individual budget plan will feed into the consolidated Trust budget plan for the forthcoming year.
- The plans will be prepared having regard to all known needs of the Trust, the School Improvement Plans and the Asset Management Plan.
- The Trust Business Manager is responsible for working with the Executive Head and the Headteachers to draft these.
- The budget planning process will be a strategic three year rolling plan and will consider what resources are required to deliver education within each establishment. The process will ensure that any reduction or increase in allocation of funds is transparent and is supported by clear rationale. Changes will be subject review and agreement at the Heads' Board.
- Where appropriate this will include budget allocation for specified budget holders by curriculum subjects or departments, referred to as capitation. Subject capitation budget is based on pupil numbers and pupil hours allocated against subject options relevant to the academic year.
- The Trust Business Manager is responsible for establishing a schedule which allows sufficient time for the approval process (LGBs and Board of Directors) to ensure that the submission date to the ESFA for the resulting annual budgets is met.
- The ESFA Financial calendar details all the submission dates required.
- The annual budgets will reflect the best estimate of resources available to the Trust and Academies for the forthcoming year and will detail how these resources will be utilised. A balanced budget must be set.
- The budget must be communicated to all staff with responsibility for budget areas (budget holders) so that everyone is aware of the available resources.
- Expenditure on the revenue account may be incurred up to the amounts approved for each budget set and approved in line with budget forecast.

- 
- No expenditure may be incurred which cannot be met from the amount provided in the appropriate budget heading unless a budget variation has been approved by the Executive Headteacher, Headteacher or Trust Business Manager.
- The Executive Headteacher may incur expenditure on behalf of the Academy Trust which is necessary to carry out any repair replacement or other work which is such extreme urgency that it must be done at once, whether or not there is any budgetary provision for the expenditure, subject to a limit of £5,000. The Executive Headteacher and Trust Business Manager will report the action to the relevant Finance Committee and Board of Directors as soon as practicable thereafter. In such cases a risk assessment will be undertaken to support the need for such action.
- The Executive Head is responsible for approval by the Board of Directors.
- The board of Directors must notify ESFA within 14 days if it is formally proposing to set a deficit revenue budget for the current financial year, which it is unable to address after funds from previous years are taken into account
- Monthly reports will be prepared by the Finance Team. The reports will detail actual income and expenditure against budget both for budget holders and at a summary level for the Executive Head, Headteachers, Governors and Directors.
- The monitoring process should be effective and timely in highlighting variances so that differences can be investigated and action taken.

### **23. Accounting systems**

- All the financial transactions of the academy must be recorded on the PS Financials accounting system. The PS financials system is operated by the Finance Team. Note crossover with SAGE financial system in place from 1<sup>st</sup> September 2020.
- Access to the system is restricted, as authorised by the Executive Headteacher, Headteachers or Trust Business Manager.

#### **a. PS Financial Administration / SAGE financial system**

- Both systems allow users to be set up with appropriate access levels. The system restricts the access to the Nominal and Accounts depending on the roles of the Web users. The Budget holders are given access to authorise requisitions entered against the accounts that they are responsible for. The access to the Budget Holder reports available for viewing on the web portal is controlled by the Administration.

- - b. **Transaction Processing**

- All transactions must be authorised in accordance with this policy.

- - c. **Transaction Reports**

- The Trust Business Manager will obtain and review system reports to ensure that transactions are posted to the accounting system correctly. The reports obtained and reviewed will include:
  - Periodic audit trail reports.
  - Amendment reports for the purchase ledger, sales ledger and nominal ledger
  - Management accounts summarising expenditure and income against budget at budget holder level

- Payroll control account
- Petty cash control account
- Charge card accounts

A complete audit trail is maintained on the PS Financial accounting/SAGE accounting systems which is routinely reviewed by the Trust Business Manager.

## 25. Best Value Statement

The Trust is committed to achieving Best Value for money from all purchases. A large proportion of purchases will be paid for from public funds and must comply with the principles of

- **Probity**; it must be demonstrable that there is no corruption or private gain involved in the contractual relationships;
- **Accountability**; public accountability for expenditure and the conduct of its affairs;
- **Fairness**; that all are dealt with fairly and equitably.

The principles of Best Value are applied to securing continuous improvement and will ensure:

- All services are of a high quality that provide good value for money, meet the needs of their users and contribute positively to the general ethos of the school;

- 
- Resources are deployed to secure the continuous improvement in the means through which the Academies' functions are exercised;
- All expenditure is relevant to the School Improvement Plan and is regularly reviewed;
- Due consideration has been given to Post OFSTED Inspection Plans (if applicable) in compiling the school budget;
- All premises/supplies and services' contracts agreed by the Academies are reviewed periodically and are the most effective, economic and efficient;
- The Trust aims to ensure that it is a well-managed organisation that supports and values the contribution made by its workforce.
- Appropriate authorisation limits are reviewed annually and approved by the Trust.

## 26. Procurement

SGET relies on public funding to carry out their work and meet their objectives. As such the organisation has to understand and follow basic procurement rules whenever they spend that money. These rules aim to ensure that taxpayers' money is used in ways that are demonstrably open, fair, and good value. The key elements of good procurement are:

- Planning - taking the time up-front to get the information needed to make a good, informed decision;
- Information – knowing and understanding the basics – such as the legal requirements that must be followed for any high-value spending
- Common sense - good judgment: for example, allocating more time to one-off high-value purchases, recognising when further help and advice is necessary, or having the confidence and experience to make the decisions. Procurement can range from the everyday, low-value purchases such as classroom supplies and cleaning products, right up to the highest-value, one-off purchases – a major refurbishment project, or letting a three-year contract for catering services. It will not be possible to subject every procurement process to the same level of scrutiny. The more public money being spent, the tighter the controls you need to apply.

SGET is committed to exploring all economies of scale that can be achieved through the development of shared services and shared contracts.

## 27. Routine Purchasing of £5,000 or less

- Budget holders will be informed of the annual budget available to them prior to the start of the academic year. It is the responsibility of budget holders to manage their budgets, to ensure that the lowest cost price is achieved that funds available are not overspent. Details of actual expenditure against budget will be available via PS Financials web portal, along with details of orders placed and not yet invoiced.

- 
- A quote must be obtained before any order is placed. The budget holder and Finance Team should ensure that the lowest cost price is achieved, while bearing in mind the quality of the product or service.
- A common sense approach should be taken to the level of detail and/or number of quotes required. Purchasing a box of pens costing £2 for example would require less scrutiny than new computers at £4000.
- All procurement decisions will subsequently be subject to the formal ordering procedure set out in paragraph 33 of this policy. This provides a separation of duties and ensures that at least two people are involved throughout the process.

### **28. Orders for single items over £5,000 and up to £25,000**

- At least 3 written quotations should be obtained for all orders over £5,000 and up to £25,000. Written details of quotations obtained should be prepared by budget holders and attached to orders passed to the Trust's Trust Business Manager. Telephone quotes are acceptable as long as they are subsequently confirmed in writing.
- In exceptional circumstances, for orders up to the value £11,000, the need for 3 quotations may be waived by the Executive Headteacher. In such circumstances the Executive Headteacher must be satisfied that value for money has been achieved.
- All procurement decisions will subsequently be subject to the formal ordering procedure set out in paragraph 33 of this policy. This provides a separation of duties and ensures that at least two people are involved throughout the process.

### **29. Orders over £25,000**

- All goods/services over £25,000 will be subject to formal tendering procedures. The Trust will comply with appropriate EU procurement rules where the value of supply exceeds the stated threshold.
- All procurement decisions will subsequently be subject to the formal ordering procedure set out in paragraph 33 of this policy. This provides a separation of duties and ensures that at least two people are involved throughout the process.

### **30. Contracts**

- Every contract entered into on behalf of the Trust and/or Academy shall comply with the following procedures and no exception from any of the following provisions shall be made

- otherwise than by direction of the Board of Directors or, in emergency, by the Chairman of the Board of Directors.

Where it is intended to enter into a contract:

- exceeding £11,000 in total the Academy shall invite tenders from at least three firms and
- for contracts of £11,000 or less in value the Executive Headteacher shall have executive power.
- All contract awards will subsequently be subject to the formal ordering procedure set out in paragraph 33 of this policy. This provides a separation of duties and ensures that at least two people are involved throughout the process.

Any variation to a contract or addition to or omission from a contract must be approved by the Executive Headteacher/Headteacher in writing, with the Finance Committee and the Board of Governors being informed where the final cost is likely to exceed the financial provision.

### **31. Tender procedures**

Where tenders are required, the following procedures must be followed:

- The budget holder in conjunction with the Trust Business Manager will prepare a specification, which will be authorised by the Headteacher.
- The invitations to tender should include:
  - an introduction/background to the project;
  - the scope and objectives of the project;
  - any technical requirements;
  - implementation details for the project;
  - the terms and conditions of the tender; and
  - the form and date of response to the Trust.
- The use of brand names will be avoided and, where appropriate, a European or British Standard or other quality guideline sought. Where relevant, reference will be made to appropriate safety standards and health & safety regulations.

- 
- All replies should be addressed to the Trust Business Manager in a plain sealed envelope marked 'Tender'.
- No supplier is allowed to amend their tender after the fixed date for receipt.

All tenders are to be opened at the same time by staff authorised to do so. Two persons should be present for the opening of tenders as follows:

- for contracts up to £25,000 – a budget holder, the Headteacher or Trust Business Manager;
- for contracts between £25,001 – £100,000 the Headteacher or Trust Business Manager and an Executive Headteacher
- for contracts over £100,000 the Headteacher or Trust Business Manager, Executive Headteacher and member of the relevant Finance Committee.
- where a tender exercise is required for good and/or services that covers more than one academy a representative from each academy will be involved in the developing and awarding that tender.
- In addition to the above, all tender awards will subsequently be subject to the formal ordering procedure set out in paragraph 33 of this policy. This provides a separation of duties and ensures that at least two people are involved throughout the process.

The following information should be recorded:

- the date and time of opening;
- the names and signatures of those present;
- the value of each tender;
- details of suppliers who declined the invitation, or failed to submit a tender; and
- any omissions in the submission, e.g. documents, signatures or missing data.
- Late tenders will be rejected and retained unopened until the contract is awarded. They will then be returned to the tenderer with an explanatory note.
- Where contracts under seal provide for payments to be made in instalments, the Trust Business Manager will ensure that a contract register is maintained showing the state of the account on each contract together with related professional fees and other payments.
- The decision as to which tender to accept will be made by the LGB Finance Committee, Local Governing Body or Board of Directors.
- The reasons for accepting a particular tender are to be based upon ensuring best value and therefore the cheapest tender will not necessarily be selected. The following points should be considered when deciding which tender to accept:

-

## 32. Ordering

- a.
  - The requisitions are entered on the web portal by the finance departmenten assigned to them. Where this is not possible an appropriately authorised paper requisition or electronic order may be used and given to the Finance Team. However, it is the declared aim of the Trust to move toward a fully electronic procurement system.
  - The list of authorised suppliers is controlled by the Finance Team and new suppliers are added on the approval of the Trust Business Manager.
  
- The authorised orders and sales Invoices are communicated to the Suppliers and Customers by email or printed order by the Finance Team. #### 42. Petty Cash

- A small petty cash float is held at all schools.
- Minor items of expenditure can be paid or reimbursed to staff through the Academy's own petty cash system.
- Expenditure paid through petty cash must not exceed £50 in any one transaction. Requests for amounts above this limit can only be authorised by the Trust Business Manager.

All payments made must be supported by an appropriate vat voucher signed by the member of staff receiving the cash.

- Supporting receipts must only include the goods to which the petty cash payment relates.

- They must not include elements of a member of staff' s personal purchases
- All petty cash will be kept in a locked box in the safe and the Finance Team will be responsible for its security.
- The amount of petty cash held must be kept to a minimum and should never exceed £200 at any one time. The maximum amount of cash held in the academies at any time must never exceed the insured limit for the safe as set by the academies' insurance cover.
- Cash floats for specific purposes (for example a residential trip) will be managed in a similar way to petty cash but sit outside of the main petty cash account. The amount held in these floats will be an amount deemed necessary to cover unexpected expenditure whilst on the trip and will be the responsibility of the trip leader.
- The Finance Team will be responsible for the monthly reconciliation of the petty cash at the end of the month and entry onto the Trust's financial system.

#### **43. Taxation**

- The Trust abides by the procedures issued by the HMRC in connection with Corporation tax. Currently it is assessed that all activities fall within the Trust's core educational provision or below the "trading" threshold and therefore as primary purpose is not subject to Corporation tax.
- The Trust also abides by the procedures issued by the HMRC in connection with VAT. The Trust is not VAT registered.
- The Trust is entitled to reclaim input tax paid on all its non-business expenditure and this claim is prepared by the Trust Business Manager and Finance Team and submitted on a regular basis to HMRC.
- Where new activities are undertaken, professional advice will be sought if the Corporation tax or VAT implications are not clear.

- Records of disposals shall be kept together with details of bids.
- The Trust has set the value of a Fixed Asset at £1k. All fixed assets purchased with an individual value of over £1k must be entered into the asset register on the finance system
- The Academy must seek the approval of the DFE in writing if it proposes to dispose of an asset, or group of assets, for which a capital grant in excess of £20,000 was paid.
- The Academy is expected to reinvest the proceeds from all asset sales for which capital grant was paid in other Academy assets. If the sale proceeds are not reinvested the Academy must repay to the DFE a proportion of the sale proceeds.
- The use of fixed assets must be reviewed annually (to ensure that they are put to best use and serving the Academy's interests).
- Fixed assets must be appropriately insured.
- An appropriate depreciation rate should be allocated to each asset and the fixed asset register updated for the allocated rate. The Trust will depreciate fixed assets in line with recognised accounting standards, ESFA guidelines and external auditors. Depreciation rates are as follows:

This may, for example, be in respect school meals debts; letters; damage to the school or contents; charges levied by the school (e.g. music tuition). Any debt in excess of this shall be written off by the Local Finance Committee. <b>FIXED ASSETS</b>		
A review of the expense codes should be undertaken to ensure that no items of a capital nature (and above the agreed capitalisation limit) have been posted to the income and expenditure codes, if this has happened then a manual journal is required to be posted to move the expense from the expense code to capital additions.		
The depreciation charge should then be calculated based upon the rates which have been set up and the journal processed from the fixed asset register (often will be done via integrated link on the fixed asset module).		
The fixed asset register should then be printed and the cost and depreciation amounts agreed to the trial balance at the end of the month.		
<b>DEBTORS/SALES LEDGER</b>		
The aged debtor report should be produced as at the month end and the total debtors balance on the aged report agreed to the debtors control account balance as per the trial balance at the month end.		
<b>CREDITOR/PURCHASE LEDGER</b>		
The aged creditor report should be produced as at the month end and the total creditors balance on the aged report agreed to the creditors control account balance as per the trial balance at the month end. The ledger should be reviewed for any older items and the reasons for these to be established.		
<b>BANK RECONCILIATION</b>		
A bank reconciliation should be completed as part of the month end procedures.		
The opening balance per the system should always be checked to the previous reconciliation prior to commencing the current month's reconciliation.		
Each item on the bank statement should be imported into the accounting system and checked against the information held in the system's cashbook.		

<p>Once the reconciliation process on the system is completed the lists of unreconciled receipts and payments should be printed for review. The list of unreconciled items should be reviewed and for any older items included establish reasons for why these have occurred and if necessary consider writing off.</p>		
<b>PETTY CASH CONTROL</b>		
<p>At the end of each month the physical cash held as petty cash floats should be counted and this amount agreed to the petty cash balance which is held on the system.</p>		

	<i>Complete By</i>	<i>Date Completed</i>
<b>VAT CONTROL</b>		
<p>When producing the VAT return for a period then the liability should be reconciled to the accounts at the same time as this can serve to highlight if any omissions/double counting is potentially taking place on the return.</p>		
<p>The liability as per the VAT return should be agreed to the VAT liability on the trial balance at that month/quarter end.</p>		
<b>SALARY CONTROL</b>		
<p>At the end of each month the salary liabilities should be agreed to the balance on the salary control accounts on the trial balance.</p>		
<p>This should equal the deductions made in the month which are to be paid over following the month end.</p>

Policy Statement

Review/Dissemination of and Access to the Policy

## 1.0 Policy Statement

- The Shropshire Gateway Educational Trust “the Academy”, as a charitable educational institution, values its reputation for ethical behaviour and financial probity. The Academy is committed to carrying out its activities fairly, honestly, openly and to ensuring it adheres to and promotes best practice in bribery prevention.
- Bribery is the offer, promise, giving, demanding or acceptance of an advantage as an inducement to encourage a person to perform a relevant function or activity improperly or to reward that person for already having done so.
- Bribery is a criminal offence, morally wrong and exposes members of the Academy’s community to the risk of prosecution, fines and/or imprisonment (up to a maximum of 10 years) as well as endangering its reputation.
- The Academy is committed to its responsibilities under the Bribery Act 2010; ensuring that no bribes are made, offered, sought or obtained by anyone acting on its behalf, to anyone, anywhere in the world by:
  - Setting out and maintaining a clear Anti-Bribery Policy and other relevant policies and procedures, for example, Public Interest Disclosure (Whistleblowing) Policy, which are proportionate to the risks faced by the Academy and enable concerns to be brought to its attention (in confidence, if required) and dealt with.
  - Informing all staff so they can recognise and avoid the use of bribery by themselves or others.
  - Encouraging all its Governors, staff, students and individuals (including agents, consultants, contractors, service providers and external partner organisations) working on behalf of, under contract from or in collaboration with any part of the Academy to report any suspicious activity or wrongdoing which could be construed as bribery.
  - Robustly and promptly investigating all cases of actual or suspected bribery and ensuring appropriate action is taken against any individual(s) involved in bribery. The Police will be informed where considered appropriate.
- **2.0 Policy Scope**

This Policy:

- Applies to all Governor's staff and students and individuals (including agents, consultants, contractors, service providers and external partner organisations) working on behalf of, under contract from or in collaboration with any part of the Academy.
- Extends to all of the Academy's activities and operations and to all of its dealings and negotiations with third parties.
- Strictly prohibits the offering, enticing or acceptance of any bribe (in any form including a facility payment) to or from any person, company, wherever they are situated and whether they are a public official or body or private person or company by any Governor, member of staff or student or individual working on behalf of, under contract from or in collaboration with any part of the Academy in order to gain any commercial, contractual or regulatory advantage for the Academy or in order to gain any personal advantage, financial or otherwise, for the individual or anyone connected with the individual.
- Requires all staff or students or individuals working on behalf of, under contract from or in collaboration with any part of the Academy to be responsible for:
  - conducting themselves at all times integrity, impartiality and honesty, safeguarding any resources and/or assets belonging to the Academy for which they are responsible and complying with all applicable law; and
  - helping detect, prevent and report not only bribery but all suspicious activity or wrongdoing which could be construed as bribery, and
  - being alert to the possibility of unusual events, behaviours or transactions which could be an indication of bribery; and
  - reporting all concerns or suspicions of bribery, fraud or corruption to their line manager or another senior person so that action can be taken under the Academy's Fraud Response Plan; and
  - co-operating fully with whomsoever is conducting internal checks, reviews and/or investigations.
- Knowingly failing to comply with this Policy by:
  - Any Governor, member of staff or student will be considered a serious matter of misconduct and action will be taken under local disciplinary procedures up to and including dismissal.
  - Any individual (including any agent, consultant, contractor, service provider and external partner organisation) working on behalf of, under contract from or in collaboration with any part of the Academy will likely result in the termination of its business and contractual relationship with the Academy.

- Bona fide hospitality and promotional, or other business expenditure which seeks to improve the image of an organisation, to better present products and services, or to establish cordial relations, is recognised as an established and important part of doing business and it is not the intention of the Bribery Act 2010 to criminalise such behaviour. This Policy therefore is not meant to prohibit the following practices providing they are customary in a particular market, are reasonable and proportionate and are properly recorded:
- Normal and appropriate hospitality as permitted under the Academy's Financial Regulations (procedures manual).
- The giving of ceremonial gifts at a special time.
- The use of recognised fast track process which is available to all on payment of a fee.

### **3.0 Review/Dissemination of and Access to the Policy**

- The Board of Directors is responsible for issuing relevant procedures for the prevention, detection, reporting and handling of bribery and for making all relevant persons aware of the necessity of complying with this Policy.
- The Academy's leadership team have responsibility for monitoring the operation and effectiveness of anti-bribery arrangements and should receive appropriate reports on bribery activity. The Trust's Audit Committee has a responsibility to oversee the Academy's policy on fraud and irregularity, including being notified of any action taken under that policy.
- This policy will be reviewed on an annual basis.

# **THE SHROPSHIRE GATEWAY EDUCATIONAL TRUST**

## **Anti-Fraud Policy**

## 1.0 Introduction

- This document sets out the policy and procedures of Shropshire Gateway Educational Trust “the Academy” against fraud and other forms of dishonesty, together with the steps that must be taken where any of these practices is suspected or discovered.
- It applies to Governors, staff, students and volunteers. Anybody associated with the Academy who commits fraud, theft or any other dishonesty, or who becomes aware of it and does not report it, will be subject to appropriate disciplinary action.

## 2.0 Statement of intent

- The Academy will continually strive to ensure that all its financial and administrative processes are carried out and reported honestly, accurately, transparently and accountably and that all decisions are taken objectively and free of personal interest. We will not condone any behaviour that falls short of these principles.
- All members of the organisation have a responsibility for putting these principles into practice and for reporting any breaches they discover.

## 3.0 Definitions

- **Fraud:** A deliberate intent to acquire money or goods dishonestly through the falsification of records or documents. The deliberate changing of financial statements or other records by either; a member of the public, someone who works or is a volunteer for the Academy. The criminal act is the attempt to deceive and attempted fraud is therefore treated as seriously as accomplished fraud.

- **Theft:** Dishonestly acquiring, using or disposing of physical or intellectual property belonging to the Academy or to individual members of the organisation.
- **Misuse of equipment:** Deliberately misusing materials or equipment belonging to the Academy.
- Abuse of position: Exploiting a position of trust within the organisation.

#### 4.0 Culture

- The Academy culture is intended to foster honesty and integrity and is underpinned by seven principles of behaviour. These are selflessness, integrity, objectivity, accountability, openness, honesty and leadership. Governors, staff, students and volunteers are expected to lead by example in adhering to policies, procedures and practices. Equally, members of the public, service users and external organisations (such as suppliers and contractors) are expected to act with integrity and without intent to commit fraud against the Academy in any dealings they may have with the Academy.
- As part of the culture, the Academy will provide clear routes by which concerns can be raised by Governors, staff, students and volunteers and by those outside of the Academy. A copy of the Academy's whistleblowing policy is available to Governors, staff, students, volunteers, service users, suppliers and other third parties.
- Senior management are expected to deal promptly, firmly and fairly with suspicions and allegations of fraud or corrupt practice.

#### 5.0 Responsibilities

- In relation to the prevention of fraud, theft, misuse of equipment and abuse of position, specific responsibilities are as follows:

##### a. The Board of Directors

- The Board of Directors are responsible for establishing and maintaining a sound system of internal control that supports the achievement of the Academy's policies, aims and objectives.
- The system of internal control is designed to respond to and manage the whole range of risks that the Academy faces.
- The system of internal control is based on an on-going process designed to identify the principal risks, to evaluate the nature and extent of those risks and to manage them effectively. Managing fraud risk is seen in the context of the management of this wider range of risks.

**b. The Accounting Officer**

- Overall responsibility for managing the risk of fraud has been delegated to the Accounting Officer. His/her responsibilities include:
  - Undertaking a regular review of the fraud risks associated with each of the key organisational objectives.
  - Establishing an effective anti-fraud response plan, in proportion to the level of fraud risk identified.
  - The design of an effective control environment to prevent fraud.
  - Establishing appropriate mechanisms for:
    - reporting fraud risk issues;
    - reporting significant incidents of fraud or attempted fraud to the Academy Board.
    - Reporting incidents of fraud over £5,000 to the ESFA or where it is unusual in nature systematic.
  - Liaising with the Academy's appointed Auditors.
  - Making sure that all staff are aware of the Academy's Anti-Fraud Policy and know what their responsibilities are in relation to combating fraud;
  - Ensuring that appropriate anti-fraud training is made available to Governors, staff, students and volunteers as required; and
  - Ensuring that appropriate action is taken to minimise the risk of previous frauds occurring in future.

**c. Senior Management Team**

- The Senior Management Team is responsible for:
  - Ensuring that an adequate system of internal control exists within their areas of responsibility and that controls operate effectively;
  - Preventing and detecting fraud as far as possible;
  - Assessing the types of risk involved in the operations for which they are responsible;
  - Reviewing the control systems for which they are responsible regularly;
  - Ensuring that controls are being complied with and their systems continue to operate effectively; and
  - Implementing new controls to reduce the risk of similar fraud occurring where frauds have taken place.

**d. Staff and Volunteers**

- Every member of staff or volunteer is responsible for:
- Acting with propriety in the use of the Academy's resources and the handling and use of funds where they are involved with cash, receipts, payments or dealing with suppliers;
- Conducting themselves in accordance with the seven principles set out above. They are: selflessness, integrity, objectivity, accountability, openness, honesty and leadership;
- Being alert to the possibility that unusual events or transactions could be indicators of fraud;
- Alerting their manager when they believe the opportunity for fraud exists e.g. because of poor procedures or lack of effective oversight;
- Reporting details immediately if they suspect that a fraud has been committed or see any suspicious acts or events; and
- Cooperating fully with whoever is conducting internal checks or reviews or fraud investigations.

## **6.0 Detection and Investigation**

- Whilst having regard to the requirements of the Data Protection legislation, the Academy actively participates in an exchange of information with external agencies on fraud and corruption. It is often the alertness of Governors, staff, student or volunteers and the general public to the possibility of fraud and corruption that leads to detection of financial irregularity.
- The Chair of the Board of Directors Board must be notified immediately of all financial or accounting irregularities or suspected irregularities or of any circumstances which may suggest the possibility of irregularities including those affecting cash, inventory, property, remuneration or allowances.
- Reporting of suspected irregularities is essential as it:
- Facilitates a proper investigation by experienced staff, and ensures the consistent treatment of information regarding fraud and corruption.
- When so notified, the Chair will instigate an investigation by appointing a designated officer, auditor or other adviser. The designated officer, auditor or other advisor will:
- Deal promptly with the matter.
- Record evidence received.
- Ensure the security and confidentiality of evidence.

- Work closely with senior managers of the Academy and other agencies, such as the Police and Courts to ensure that all issues are properly investigated and reported upon.
- Ensure maximum recoveries are made on behalf of the Academy, and assist the senior managers to implement Academy's disciplinary procedures where considered appropriate (referral to the Police will not prohibit or restrict action under the Disciplinary Procedure).
- In cases of suspected payroll irregularities where a fraud investigation may be possible, discussion will occur between the Chair of the Board of Directors and the Academy if it is thought a disciplinary investigation is more appropriate.
- Malicious accusations may be the subject of disciplinary action.

## **7.0 Review**

This policy will be reviewed on an annual basis.
